

SPW16 Spark Plug Wrench

- 16mm (5/8-inch) spark plug socket and 11-3/5 inches long wrench, design for easy removing and installing spark plugs.
- The socket, has interior magnet that grips your spark plugs tightly without wearing down, retaining and protecting the spark plug for easier installation.
- This spark plug has 360 degree swivel action for maximum flexibility.
- T-handle with soft grip handle design helps you keep a tight grip while installing the spark plugs

Constructed of durable, heat treated, chrome vanadium steel, it also features satin chrome plating for easy cleanup and a professional look.
